

# BLOWER ASSEMBLY 891492

## INSTALL INSTRUCTIONS

Replaces MPNs: 891492, 80442, 69354, CB36

---

### Before Installing

- **ALWAYS** unplug the unit before beginning any work
  - Allow the unit to cool completely if recently used
  - Work in a well-lit area with proper tools
  - Ensure there are no pellets in the hopper assembly
- 

### Installation Steps

1. Remove the panel prior to blower installation. If you are replacing an existing blower assembly, unplug the blower and remove it from the stove.
  2. Attach the blower mounting box (If you are replacing an existing blower this box should already be in place).
  3. Mount the blower assembly to the mounting box with the 4 screws.
  4. Plug in the blower.
- 

### Post-Installation Check

- Verify all connections are secure
  - Ensure all wiring is not in proximity of moving parts
  - Test motor operation before closing panels
  - Check for any unusual noises or vibrations
- 

### Support

If you encounter any issues during installation, consult your owner's manual or contact technical support via our [contact form](#).
