

1/4 INCH FEMALE SPADE TERMINAL WIRE CLIP INSTALL INSTRUCTIONS

Before Installing

- **ALWAYS** unplug the unit before beginning any work
 - Allow the unit to cool completely if recently used
 - Work in a well-lit area with proper tools
 - Ensure there are no pellets in the hopper assembly
-

Installation Steps

1. Strip the wire sheathing at the end of the wire to expose the bare wire.
 2. Twist the braided wire together and insert into the barrel end for the connector clip.
 3. Crimp the barrel to secure the connector clip to the wire.
 4. The wire is now ready to use.
-

Post-Installation Check

- Verify all connections are secure
 - Ensure all wiring is not in proximity of moving parts
 - Test motor operation before closing panels
 - Check for any unusual noises or vibrations
-

Support
