

INSTALLATION INSTRUCTIONS FOR DECORATIVE LOG SETS FOR USE WITH MONTAGE 32FS AND PROFILE SERIES PELLET STOVES

KIT CONTENTS

1 ea. Decorative Log Assembly
1 ea. Instruction Sheet

TOOLS REQUIRED

None

CAUTIONS

- Only install log assembly into a cold stove.
- Do not position the log assembly in other ways than what is shown here. Improper placement may negatively affect the proper combustion of fuel or block feed tube.

INSTALLATION INSTRUCTIONS

- Step 1.** Open the glass door assembly (rotate the latch handle assembly until door releases, then swing door to the full open position).
- Step 2.** Place the log assembly into the firebox being very careful not to damage the brick panel(s). The log assembly should be centered over the UltraGrate™ as shown in pictures on this page.

Figure 2 - Log Locating Ledge Profile 30

WARNING

If notch on back of log assembly is not positioned on top of ledge in firebox, blockage of the feed tube may result.

CARE INSTRUCTIONS

To ensure the longevity of the log assembly, never attempt to handle it while hot. Use an all-purpose brush to periodically remove fly ash build up from the log assembly.

Note: By using the decorative log set, the maintenance frequency for ash removal and cleaning of the glass may need to be increased.

NOTE: DIAGRAMS & ILLUSTRATIONS ARE NOT TO SCALE.

IHP reserves the right to make changes at any time, without notice, in design, materials, specifications, prices and the discontinuance of colors, styles and products. Consult your local distributor for fireplace code information.
