

SNAP DISC #1 SRV230-0060

INSTALL INSTRUCTIONS

Replaces MPNs: SRV230-0060, 812-0320, SRV230-0910

Before Installing

- **ALWAYS** unplug the unit before beginning any work
 - Allow the unit to cool completely if recently used
 - Work in a well-lit area with proper tools
 - Ensure there are no pellets in the hopper assembly
-

Installation Steps

1. Unplug the stove
 2. Open the service access panel on the rear of the stove.
 3. Locate snap disc #1 on the right side of the appliance on the top of the heat exchanger box.
 4. Disconnect the purple wires connected to the switch.
 5. Remove the mounting screws holding the switch in place.
 6. Replace the old switch with the new switch and secure with screws.
 7. Connect the purple wires to the switch terminals.
 8. Close the service access panel.
-

Post-Installation Check

- Verify all connections are secure
- Ensure all wiring is not in proximity of moving parts
- Test motor operation before closing panels
- Check for any unusual noises or vibrations
